SUMMARY

Software Engineer with over a year of experience building backend services and microservices using TypeScript, Node.js, MongoDB, and SQL. Experienced in designing RESTful APIs, implementing scalable backend architectures, optimizing database operations, and developing reusable libraries for production systems. Strong understanding of software engineering principles, system design fundamentals, API development, and maintainable code practices.

SKILLS

Languages:

TypeScript, JavaScript, Python

Backend & Architecture:

Node.js, RESTful APIs, Microservices Architecture, Controller-Service-Repository Pattern, JWT Authentication, API Development, API Integration

Databases & Caching:

MongoDB, SQL, Redis

ORM:

Prisma, Mongoose

Tools:

Git, GitHub, Postman, DBeaver

EXPERIENCE

Software Engineer (SDE-1)

DeviceThread Inc. | Apr 2025 – Present

- Contributed to the enhancement and maintenance of 8+ backend microservices using TypeScript, Node.js, MongoDB, SQL, Prisma, and Mongoose, delivering 20+ REST APIs, fixing bugs, and implementing new features within a Controller-Service-Repository architecture.
- Optimized database queries and integrated Redis caching, reducing response times and database load for high-traffic endpoints while improving overall system performance.
- Built reusable internal libraries, collaborated with cross-functional teams to resolve production issues, perform API testing with Postman, and manage code integration through Git, pull requests, and code reviews.

MERN Stack Development Trainee

NxtWave | Jan 2024 – Mar 2025

- Developed and deployed full-stack MERN applications using MongoDB, Express.js, React.js, and Node.js, building RESTful APIs with JWT authentication, role-based access control, and CRUD operations.
- Integrated frontend and backend systems to optimize data flow, managed MongoDB data models and queries, and utilized Git/GitHub for version control and collaborative software development.

EDUCATION

B.Tech – Electrical and Electronics Engineering

Kakatiya Institute of Technology & Science, Warangal (2021 – 2024)

Diploma in Electrical and Electronics Engineering

Government Polytechnic College, Warangal (2018-2021)
